BASE

Black Polymid Base

Black/Polished Aluminium Base

Experiences are better when shared! Take an informal seat to collaborate creatively, shift perspectives, and break boundaries. The Share chair allows the user to tailor their seated experiences to however they feel comfortable, with the opportunity to sit 360 degrees and share from every angle.

Share Move sits on a 5-foot star-base with castors, meaning you can collaborate and share on the move – the ultimate in flexible seating.

Technical specifications

DIMENSIONS

H: 730-910 mm
SH: 395-574 mm
D: 650 mm
W: 650 mm

WEIGHT

With plastic base:
PP* seat/back: 7,8 kg
Uph. seat/PP* back: 7,8 kg
Veneer seat/back: 7,3 kg
Uph. seat/Veneer back: 7,6 kg
Veneer seat/PP* back: 7,5 kg

With aluminium base:
PP* seat/back: 8 kg
Uph. seat/PP* back: 8 kg
Veneer seat/back: 7,5 g
Uph. seat/Veneer back: 7,8 kg
Veneer seat/PP* back: 7,7 kg
**PP = Polypropylene*

TEST

In process of being tested according to:
EN 16139:2013

CERTIFICATION

Crafted from FSC certified oak veneer.

PACKAGING DIMENSIONS

1 chair pr box:
H: 881 mm
W: 644 mm
D: 742 mm

2-4 chairs in 2 boxes:
H: 1267 mm
W: 644 mm
D: 742 mm

Materials

SHELL POLYPROPYLENE

Post industrial polypropylene.

Quality and environment

At Ocee & Four Design, we are aware of our environmental responsibility. We strive to reduce our company, and our customer's impact on the environment by producing quality furniture in a sustainable manner.

PROCUREMENT

We procure materials from responsible suppliers who comply with our high standards, ensuring that the materials are sustainably sourced and managed, conforming to applicable laws and regulations such as legal logging and chemical restrictions.

PRODUCTION

We are ISO14001 certified, guaranteeing excellent environmental standards of our manufacturing sites.

WARRANTY

Ocee & Four Design provides a 5-year warranty on all products within our price list. This warranty covers breakage and damage of products occurring because of deficient craftsmanship performance under normal use. The warranty shall lapse if the product shows signs of mishandling abuse or other physical damage. The war-

ranty does not cover those parts of the product which are exposed to abrasion during use.

INSTRUCTION

Instructions can be found at our website.

MAINTENANCE

We kindly refer to our [Maintenance Guide](#)

RECYCLING

We are working towards the aim for all our products to be minimum 95% recyclable. Products must be separated into their components

and disposed of separately. All metal parts can be disposed of and recycled by an approved organisation. Lacquered frames are treated with a paint classified as not dangerous according to directive 1999/45/EF.

Wood can either be recycled or incinerated. Plastic shells can be recycled. The shell will be granulated and reused in new plastic production. Upholstery and veneer shells are not recyclable but can be disposed of by incineration.

Environmental data

The carbon footprint (Co²e) is obtained through a full life-cycle assessment of our products, utilising the Product Environmental Footprint (PEF) methodology. The results are obtained through a self-assessment using the MÅLBAR software and are for internal use and project basis only.

Please note that carbon footprint calculations are inherently complex and involve various assumptions, uncertainties, and limitations. Results should be used as a general indicator and not considered as absolute values. Our aim is to provide an estimate of the carbon footprint associated with our furniture and raise awareness about its environmental impact throughout its entire life cycle, from cradle to grave.
